Destination Split-Dalmatia

Split-Dalmatia region in Croatia is a versatile travel destination, where you can find lot of interesting history, the most beautiful beaches and wonderful nature attractions.

In addition to the beautiful coastline of the mainland, there are many islands in the area. All of them have interesting small island villages or hidden beach coves.

The biggest city on the coast is Split. In the old town, protected by UNESCO, you can find many good restaurants and cafes in the small alleys between the city walls and historical buildings. The Diocletian's Palace in the center of the city, preserved from the time of ancient Rome, is definitely worth seeing.

Highlights of the area:

- Crystal clear Adriatic Sea and beautiful archipelago
- Natural parks (eg. Krka water falls) and hiking trails in the mountains
- Historical old towns and Game of Thrones locations

Villas Nella & Kia

These two newly built identical villas next to each other form a 10-bedroom accommodation complex. The villas are located in the immediate vicinity of the sea.

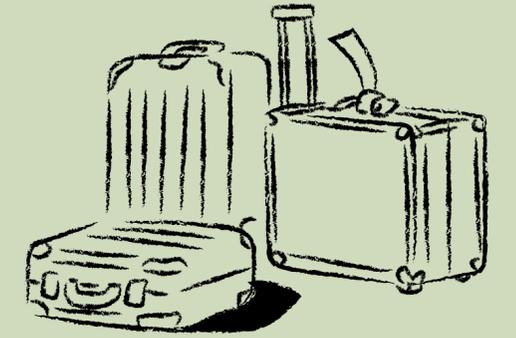

Both villas are 300m² in size. The villas have fully equipped kitchens and a spacious and bright dining area for ten people. In the living room you can spend time on the large corner sofa and admire the beautiful sea views through the glass wall. All bedrooms have their own bathrooms and the villa is fully air-conditioned.

There are large heated swimming pools in both villas. Each pool area has ten sunbeds, an outdoor shower and a toilet. In addition, there is a lounge area, an outdoor dining area and a traditional barbecue area in the courtyard area. If necessary, the outdoor areas of the villas can be connected by connecting door for larger groups.

The nearest beach is right in front of the villas. There is a good local restaurant within walking distance, and more services can be found in the center of Omiš, which is only a five-minute drive away.

EXPERIENCE

Private Chef at the Villa

Our private chef, who has made a long career as an executive chef at a top hotel in the area, conjures up the tastiest local delicacies and handles not only the cooking but also the serving of the food and cleaning of the kitchen, so that you can focus on enjoying the trip and the tasteful experiences. The chef skilfully combines the traditional dishes of the Dalmatian region with modern, contemporary dishes.

The chef is responsible for all meals at the villa and has prepared menus for each day with different themes, giving you a versatile overview of the local food culture. The ingredients are all local and fresh - many of them come e.g. from the chef's own garden.

On the day of arrival, after settling in you can enjoy right away the first lunch prepared by the chef. In the morning, the chef delivers fresh breakfast meals to the villa, and after days full of activities, the chef prepares delicious dinners on the villa's own cozy terrace with sea views.

EXPERIENCE

Sailing trip to island Brač

On a sailing trip, you can really get away from the everyday life. The sailing boat reserved for your private use for the day departs from the neighboring harbor of the town of Omiš and sails to the most beautiful coves of the island of Brač for morning swimming or snorkelling. The large sailboat has plenty of space for the whole group to relax on the deck or sit in the shade under the canopy.

The local skipper knows the island thoroughly and always chooses the best spots according to the situation and your wishes. A lunch stop in Pučišća, also referred as the most beautiful village in Europe, is a nice break during a day at the sea. On the way back, wind permitting, it's time to raise the sails and experience the magic of sailing.

EXPERIENCE

Rafting Adventure

The 100km long Cetina river descends from the mountains to the city of Omiš. Coming downstream in the beautiful river valley, there is approximately an 12 km long route where you can experience the beautiful nature from the water by rafting.

During your rafting adventure, you can also experience, for example, archery, swimming jumps, a visit to a cave and, if desired, a dip in the rapids. A professional instructor is with you all the time and takes care of your safety. The adventure is suitable for everyone and additional activities outside the boat are completely voluntary.
